TRANSMITTAL
AND INTERVIEW SUMMARY

As discussed in a telephone conference with the Examiner on December 22, 2010, it has come to Applicants' attention that two references listed on the Form PTO-1449 submitted with the Information Disclosure Statement filed November 12, 2009, and initialed by the Examiner on February 1, 2010, were not accurately cited on that Form PTO-1449 due to typographical errors. The two references are listed on that Form PTO-1449 as reference no. 26 (Cochrane et al.) and no. 28 (Smeenck et al.). The author name and the title of the Cochrane et al. reference are accurately shown on that Form PTO-1449, but the rest of the citation provided for that reference is incorrect. The Smeenck et al. citation is accurate but incomplete, as it fails to provide the full citation and includes only the date of the partial translation, not the date of the reference. So that the information appearing on the face of the patent will be correct and complete, Applicants enclose a new Form PTO-1449 with the correct full citation for Cochrane et al. and Smeenck et al. As the Examiner has already reviewed the articles originally submitted and they are of record in the file (in fact, the Smeenck et al. reference, including a full translation, has been cited at least twice by the Office during prosecution, including in Office actions dated January 29, 2002, and March 5, 2010), it is believed there is no need to re-submit copies of the articles.

During the telephone conference, the Examiner agreed to ensure that the correct citations for these two references are made of record.

Subsequently, Applicants identified another typographical error on another Form PTO-1449, this one submitted with the Information Disclosure Statement filed November 9, 2001, and

initialed by the Examiner on January 25, 2002. This third error is in reference "AC", which is shown as "WO 93/1173" but should have been "WO 93/11773". Applicants include the correct citation "WO 93/11773" on the enclosed new Form PTO-1449. As the correct reference was submitted with the November 9, 2001, Information Disclosure Statement and so has been considered by the Examiner, it is believed there is no need to submit a new copy.

Applicants apologize for the errors in these citations and thank the Examiner for graciously agreeing to ensure that they are corrected in the file and on the face of the patent that will issue from the present application. .

If any fees are due, charge them to Deposit Account No. 06-1050, referencing Attorney Docket No. 06275-0150003.

Respectfully submitted,
